

uran.formula.cnf.Translator

```
classDiagram
    class Translator["uran.formula.cnf.Translator"]
    class CNFTranslator["uran.formula.cnf.CNFTranslator"]
    CNFTranslator --|> Translator
```

The diagram illustrates a class hierarchy. At the bottom is a white box labeled 'uran.formula.cnf.CNFTranslator'. A blue arrow points upwards from this box to a gray box at the top labeled 'uran.formula.cnf.Translator', indicating that CNFTranslator inherits from Translator.
